Activity

Glacial Margin

Teaching Transparency Activity (continued)

1. What are the two types of glaciers?

2. Did the continental glaciers cover your area? If so, what evidence of glaciers does your area show?

3. What are continental glaciers agents of?

4. Name five states in the United States that were covered completely or partially by glaciers.

5. Which countries on the transparency were glaciated?

6. What caused the ice sheets to recede?
